100 Prunella Skirts \$9.75

Like Canton crepe for frocks, Prunella holds a favored place in skirts for the fall of 1921.

One reason for its popularity is the ease with which it retains pleating.

100 Prunella Skirts, pleated in various styles, are marked at a very low price for the Anniversary Sale. They are in dark and light shades, in beautiful color combinations.

Sizes are from 26 to 34. And the Sale price—\$9.75.
THIRD FLOOR

Afternoon Frocks of Georgette, \$25.00
Cost of cloth, \$10.00
Suits with fur trimmed jackets, \$45.00
Cost of Georgette, \$25.00
Dinner Gown of lace over charmeuse, \$39.50

Misses' Suits \$45.00

Robinson's smart Suits for autumn assuredly tell which way the current is drifting—the current of style.

Advance models at \$45.00 have just been received—in time for the Anniversary Sale. They are models which would ordinarily command a much higher price.

And they come in misses' sizes only. One very new autumn suit is of navy tricot, cut on very original lines. The panels are trimmed with self-straips in a conventional arrangement. Another new feature is that the collar is convertible, faced back with Delft blue broadcloth. The lining is of navy pussy willow.

The suit at the extreme right is fur trimmed, either mink or mole being chosen. This youthful box model is made of Yalana cloth. Colors are brown, navy, Byzantine and Sorrento. The linings of silk are to match.

One price obtains for both of these Suits. Sizes 14 to 20. \$45.00
THIRD FLOOR

Afternoon and Dinner Gowns \$39.50

A sale devoted to Afternoon and Dinner Gowns.

Is the interesting feature in the Ready-to-Wear Section for tomorrow.

The price—\$39.50—is the lowest price in years for dresses of such high quality.

They are for misses and small women, in as attractive styles as one could imagine. Sashes, for one thing, and neck-lines; there are many ways in which the elements of beauty are evolved.

One group consists of beaded georgette frocks made on a slip of the same material, in white, gray and pastel tints. Another group is of all-over lace, with a charming slip as the foundation. The lace frocks are in white, black or brown, with French flowers on the girdle to give contrasting color.

Priced for the Anniversary Sale at \$39.50
THIRD FLOOR

Misses' Blouses \$3.95

200 Fine Batiste Blouses with Peter Pan or Shawl collars are plain for sports wear and prettily laced and embroidered trimmed for dressier wear. Some of them have a ruffle down the front.

Regularly priced much higher. For Anniversary Sale \$3.95
THIRD FLOOR

Misses' Coats \$45.00

Warm enough, but luxuriously light in weight, the new Coats for fall and winter are values which women who have known "Robinson's Anniversary Sale" in other years will estimate at their true worth.

Illustrated at the extreme left is a Coat of the new ondulette. It has a shawl collar which is cut in one with tuxedo revers extend into the hem of the coat in front. The button-trimmed cuffs are almost of elbow depth. The lining is of self-colored silk or satin. This model comes in Sorrento, seal, date and navy. Sizes are 16 to 20.

The other Coat sketched is also a typical Robinson value. It is made of Normandy cloth with a deep collar that is as becoming when open as when worn high about the ears. Colors are navy, brown, beaver and black. The lining is of soft, durable silk in the same tone as the coat. Sizes 14 to 20.

For the Anniversary Sale both these groups of new fall Coats will be priced at a very low figure—\$45.00.
THIRD FLOOR

Women's Swiss Ribbed Vests 35c

1000 Women's fine cotton Swiss Ribbed Vests are among the extra values in the Knit Underwear Section for the Anniversary Sale. These are the dependable Vests that will withstand a vast amount of laundering. They come with regulation shoulders. Their low price is 35c.
\$1.00
FOURTH FLOOR

Women's Leather Belts 55c

125 Narrow Patent Leather Belts for women have this low price. There are several different style buckles from which to choose: gilt, nickel and oxidized buckles. 55c each.
FIRST FLOOR

SEVENTH FLOOR

Boys' Wear

Preparing the boy for school is a pleasure when the clothes are Robinson clothes, and the prices Robinson Anniversary prices.

Boys' Blouses 75c
180 Boys' School Blouses, regulation style. Made of good percale and madras. Sizes 7 to 16. \$75c

Boys' Pajamas \$1.45
243 Boys' Flannelette Pajamas of good quality and full cut. Sizes are 4 to 18 years. Priced at, a pair \$1.45

Two-Knicker Suits \$11.75

100 Pairs of Fine Cassimere Suits with two pairs of Knickers. These pure wool, stoutly made Suits offer a choice of four good-looking models. They come in the colors and mixtures most appropriate for school wear. Sizes are 8 to 18. \$11.75

Gabardine Trousers 75c

67 Wash Trousers for boys, made of good quality gabardine, are priced at 75c. Mothers shopping for boys will be glad of this good value.

The gabardine of which they are made is cream color. The trousers all have buttons attached for wear with a French middie.
BOYS SECTION—FOURTH FLOOR

Men's Overcoats \$45.00

150 Fine Winter Overcoats were made to Robinson's specifications. This insures the best tailoring possible.

The Coats are made of fine meltons, velours, tweeds and fleeces.

They are belted models, form fitting. There is a model for every man, including the big fellow, for the sizes range from 34 to 44.

For the duration of the Anniversary Sale they \$45.00 will be priced at. \$45.00
FIRST FLOOR

Men's Suits \$39.50

75 Suits for fall wear are featured for the Anniversary Sale at \$39.50

These are Suits of the better quality. Their true worth would be better indicated by naming a much higher price. Each Suit was taken from regular stock and greatly reduced.

They are medium and light weight. Like the Overcoats, they were all tailored to Robinson's specifications, which are very exacting.

Fabrics are tweeds, castmores, silk mixed Scotch suitings and others.

Desirable colors and a good range of sizes—35 to 42—make these Suits still more representative of Robinson values.

For the Anniversary Sale, 75 Suits, at \$39.50
FIRST FLOOR

MAKE CITY HOT FOR CRIMINALS

Eight Thousand Enrolled
Citizen Police.

Let's Upholders to Be Ready
for Any Emergency.

Men and Motor Cars Prepared
for Quick Action.

Western criminals, especially the organized gangs who are planning to visit Los Angeles this fall, find it difficult to operate here. The city of Los Angeles has a plan of the Citizen Police, according to Charles L. Lacey, chief director of the organization.

More than 8000 men have enrolled in the Citizen Police, he said. The city of Los Angeles is divided into districts, and each district has a unit in each zone. A unit is a group of men, all of whom are pledged to serve whenever called upon to all the police or to the prevention of crime.

All over the city, Mr. De La Cruz, who is in charge of the organization, said, are automobiles ready to take emergency calls, either night or day. There are ninety-two day and night stations in various parts of the city. The organization can be had at any time. The first of the organization's growth, the Citizen Police, has been rapid, and it counts in its ranks many men from many walks of life. All intent on making a career of it, the organization has a number of directors, a president, a secretary and a treasurer. The directors have been named, and the president is to be elected by the members next week.

Office of the organization, at 1000 Corporation Building, 141 South Spring street, will be the headquarters of the organization.

TELEPHONE COMPANY
SEEKS BETTER RATE

THE REVENUE ESSENTIAL
DEVELOPMENT. SAYS
SUPERINTENDENT.

Speaking before the Commercial Club yesterday, N. R. Fowler, superintendent of the Southern California Telephone Company, said in part:

"Since the signing of the armistice the Southern California company, using this year's program, has expended in excess of \$5,000,000 for the tremendous work in Los Angeles."

"More than 400,000,000 conductors of cable have been produced in Los Angeles since the first of the war."

"Twenty-five positions of switch have been received this year. The company has installed a total of 25,000 telephones."

"To continue to finance this program, the company must be able to earn a return on the investment so as to attract new capital."

"We are now before the California Public Utilities Commission asking them to consider the inadequacy of present revenues and approve a schedule which will meet the expenses and yield a return that will make it possible to secure the investment."

"STEAL" HINTED IN BOND SALE.

(Continued from First Page.)

will of the people was not carried out, as a result of the terms under which the bonds were sold.

In the second place, the voters said the bonds were to bear 5 per cent interest, and yet because the bonds were sold at a discount, the taxpayers will actually pay on these bonds at the rate of nearly 8 per cent.

And in 1919, when these bonds were voted, there was an act of the Legislature in force which prohibited the sale of city bonds at a discount.

NOT PEOPLE'S WILL.

The power bonds' sale was thus contrary to the constitution, to the State law and to the desires of the people, and should be so declared by the court, for city officials are too prone to the false belief that they are employed and given funds with which to conduct the city government as they please, when as a matter of fact, these officials are placed in office to carry out the will of the people, and in the case of the sale of the power bonds the will of the people was not carried out and the law was disregarded.

Ingle Carpenter, of counsel for those bringing the action against the city, told of the loss to the taxpayers as a result of the discount of \$1,335,000 and said that the sale should be set aside.

Special Counsel Mathews of the Public Service Commission, in defending the sale of the bonds, said that the city had no choice but to sell the bonds at a discount, and that the city had no choice but to sell the bonds at a discount.

Mr. Mathews said that the city had no choice but to sell the bonds at a discount, and that the city had no choice but to sell the bonds at a discount.

Mr. Mathews said that the city had no choice but to sell the bonds at a discount, and that the city had no choice but to sell the bonds at a discount.

A Distinguished Presentation

Rumors of 1921 fashions—of longer skirts and Chinese sleeves, of lowered waistlines, flying panels & gay colors—are now confirmed or rejected by our authentic presentations. And as these fashions advance the mode, prices recede to establish a new era for greater values & lower levels. You are most cordially invited to come in and acquaint yourself with all that is new for Autumn.

Candler Dry Goods Co.
FOUNDED IN 1876

Seventh Street at Olive

You can't bequeath your business ability

Is your wife, your son or your daughter capable of "carrying-on" for you?

Can you bequeath your ability and business experience to them along with your estate?

No—but you can arrange to give them the benefit of the experience, counsel and facilities of the largest and oldest trust institution in the Southwest by naming this company as executor under your Will.

Few men figure cost when planning for the future of their families. Nevertheless, the economies of trust company administration of an estate are worth taking into account. They are secured with the maximum of protection.

Write or call for illustrated booklet, "Your Will."

THE OLDEST TRUST COMPANY IN THE SOUTHWEST
PAID-UP CAPITAL AND SURPLUS, \$3,000,000.00

PEN POINT

The football clubs are getting ready for the fray and the prize is looking up.

Signs in Compton—More houses are being built. Are they going to be as good as the others?

Ought to be some law made out of the League of Nations. The agenda is working.

Count that day last when the descending sun was in the position of the prohibition law.

Motor cars manufactured in California are the latest. But all the same, some folks would insist on the old.

Gen. Dawes, the maker of the plan, is a musical composer. But he is not called his latest composition. He is called the plan.

If it is true that there is to be a signal Los Angeles, it is to be a signal of the harbor board.

An exchange asks "why" somebody writes songs like "The Collins Foster." For the love of the world—they can't.

Of course, it is none of our business, but what was in "the" when the oil men made that deal with President Obregon?

"Greece Form Co-operative State and Promise to Cut Tax." Headline in a (N. Y.) paper; no, not in Los Angeles.

The cyclones are striking the coast and we shall have reports of wide swarms of locusts and whippers off the corn crop and damage it generally.

Thirty-eight thousand people at high prices for ring-side seats. Two unknowns spar for "John" Tex Rickard's title show. What the answer?

The second annual session of the assembly of the League of Nations is meeting in Geneva, Switzerland, but the plan is to bring the shillings in spite of it.

An increase of 1.68 per cent in number of persons employed in sixty-five principal cities of the United States in August is reported. This does not include Congress.

Police Commissioner De Coe is retired from the presidency of the Moral Efficiency Association of the city. De Coe, De Coe, what is the matter with that name and a tick?

The California State Fair is a success. Wonder if the people who allow the police to search for which little cup the pea is hidden have a privilege of grounds?

Why not trade some of that stacked up in the United States Treasury for a bit of business improvement? That is one question. It is not probable to have money on hand.

Eliza Root has declined to let her public service of accountancy advanced age. Eliza is but 47 and we know folks in that neighborhood who are just getting fairly young in the race of life.

Arthur C. Burch says the Coast Jail is a nice place, to be in if you want to forget cares. So it is, but so is it. Burch is the man who is philosopher enough to make the best of a very bad situation.

It is announced that, in spite of the tragedy at Hull, this government will go right on in its experiments with great dirigibles with a radius sufficient to cross the world. The loss of life was most regrettable, but the march of progress is onward.

The Los Angeles Stock Exchange has occupied its new home on Broadway street. It is in the heart of the financial district and is expected to exert a strong influence in the commercial life of the city. All the noted with the splendid enterprises are to be congratulated.

The idea that "government" can carry on business has been abandoned by those who have been close to the situation during the following the war. The late of average business man would be turned gray with some of the turns of the government and only that, but he would be sure thing.

It seems that the report that the West Virginia striking miners deny the authority of the government was much exaggerated. Upon the appearance of the troops the crowds melted away like snow in Pasadena. But it is to even the other side to the contention that it was necessary for President Harding to act.

DEATH MYSTERY IN CITY PARK.

Body of Man is Discovered Floating in Tank.

Police Identified as Railroad Employee Here.

Police Held Two Suspects Taken at Burbank.

A blood-stained handkerchief and a few other bits of a pair of suspicion are the latest. But all the same, some folks would insist on the old.

Motor cars manufactured in California are the latest. But all the same, some folks would insist on the old.

THE SPIRES OF SHELBOURN.
How gleam the spires of Shelburne
Like towers fair that rise
From dim Arcadian pastures
To far-off virgin skies.
Each night the darkness takes them
And folds them to her breast;
But every morn they rise again
A summons to the best.

How gleam the spires of Shelburne
In softest Sabbath glow;
In vain the fire of hell burns
In bladed realms below.
The damned have found a hell
That e'er their feet have trod
Where stand the spires of Shelburne
Like sentinels of God.
SYDNEY KING RUMBLE.

"STEAL" HINTED IN BOND SALE.

(Continued from First Page.)

will of the people was not carried out, as a result of the terms under which the bonds were sold. In the second place, the voters said the bonds were to bear 5 per cent interest, and yet because the bonds were sold at a discount, the taxpayers will actually pay on these securities at the rate of nearly 6 per cent. And in 1919, when these bonds were voted, there was an act of the Legislature in force which prohibited the sale of city bonds at a discount.

NOT PEOPLE'S WILL.
"The power bonds" sale was thus contrary to the constitution, to the State law and to the desires of the people, and should be so declared by the court, for city officials are too prone to the false belief that they are employed and given funds with which to conduct the city government as they please, when as a matter of fact, these officials are placed in office to carry out the will of the people, and in the case of the sale of the power bonds there will be no legal consequences to the taxpayers, who, he said, in 1919 had voted in favor of purchasing the Edison lines and building a generating plant. There, Mr. Mathews contended, the people dropped out of the picture. If it proved impossible or not desirable to sell the bonds at an attractive rate of interest, well, said Mr. Mathews, that had nothing to do with the case. Mr. Mathews also defended the act of the Legislature passed at the last session permitting municipalities to sell bonds at a discount.

Opponents of the Hellman deal have stated that this act was lobbied through the Legislature by agents of the Public Service Commission in preparation for the sale of the \$12,500,000 power-bond sale. Mr. Mathews contended that this act made the Hellman deal perfectly legal, while former Judge Weiler, Mr. Carpenter, and Attorney Emmet Wilson, for the plaintiffs, argued that retroactive legislation could not be made to apply to a bond issue voted two years before the new discount act was passed.

Special Counsel Mathews of the Public Service Commission, in defending the sale of the bonds to Mr. Hellman—and Mr. Mathews is given credit for being one of the prime movers in bringing about the deal—argued, in effect, that the terms of the sale, interest, discounts and similar million-dollar trifles are of no legal consequence to the taxpayers, who, he said, in 1919 had voted in favor of purchasing the Edison lines and building a generating plant. There, Mr. Mathews contended, the people dropped out of the picture. A Distinguished Presentation

Rumors of 1921 fashions—of longer skirts and Chinese sleeves, of lowered waistlines, flying panels & gay colors—are now confirmed or rejected by our authentic presentations. And as these fashions advance the mode, prices recede to establish a new era for greater values & lower levels. You are most cordially invited to come in and acquaint yourself with all that is new for Autumn.

Coulter Dry Goods Co.
FOUNDED IN 1876

Seventh Street at Olive

You can't bequeath your business ability

Is your wife, your son or your daughter capable of "carrying-on" for you?

Can you bequeath your ability and business experience to them along with your estate?

No—but you can arrange to give them the benefit of the experience, counsel and facilities of the largest and oldest trust institution in the Southwest by naming this company as executor under your Will.

Few men figure cost when planning for the future of their families. Nevertheless, the economies of trust company administration of an estate are worth taking into account. They are secured with the maximum of protection.

Write or call for illustrated booklet, "Your Will."

SMELL OF FISH ROUTS SAILOR.

Odor Drives Seaman from
Hotel, So He Asks for
Rebate on Rent.

Whether a hotel is respon-
sible for the odor of the fish
in the frying pan was the
question put up to Edward H.
Miller, clerk of the Small
Claims Court, yesterday. He
was approached by an elderly
man who walked with the
rolling gait of a sailor.

"I can't stand the odor of
cooking fish," said the man,
"though I have followed the
sea for many years. I rented
a room in a hotel here for \$2
a week. I slept in that room
with that scent of fish every-
where for three nights, and
then I left. I wanted a
rebate, but got only 50 cents.
I am entitled to a dollar. I
have stood the smell of fish
for twenty-five years and
am tired of it."

He was told his suit would
be for damages and was re-
ferred to the Public Defender.

prisoners in their cells will be
done away with, according to the
plans. A large dining-room with
modern kitchen is provided for
showers, recreation corridors and
ample room for inmates to do
away with the present crowding
also are assured.

HOME FOR COURTESY
The plans provide six departments
of the Superior Court handling
criminal cases, with excellent
well-arranged courtrooms. Three
justice of the peace courts also
will be housed in the new build-
ing. If the city decides to use part
of the building for city purposes,
police courts will be provided with
quarters.

Special effort has been made to
have the building well lighted and
two large light areas are planned.
The structure will be 180 feet by
180 feet. It is planned, and the cost
including the equipment of the jail,
with tool-proof cells and corridors,
will be perhaps \$1,000,000, Mr. Dean
said.

HURT LEAVING STREET CAR
Hurled to the pavement when she
attempted to step off of a moving
street car late yesterday afternoon
at Washington and Arlington streets,
Mrs. Catherine E. Artley, 37 years
of age, of 222 West Fifty-second
street, was seriously injured. She
was treated at the Receiving Hospi-
tal for concussion of the brain, a
fractured right arm and other in-
juries. Police surgeons stated that
she may not recover.

THREATENS OUR FOREIGN TRADE.

Shipping Board Plan Object
of Vigorous Protest.

Harbor Commission Condemns
Proposed Service Change.

Calls it Unwarranted Hit at
Coast's Largest City.

Declaring that unwarranted dis-
crimination against Los Angeles will
result if reported plans of the United
States Shipping Board are put into
effect, the Board of Harbor Commis-
sioners yesterday adopted a resolu-
tion strongly protesting against
changes which would serve to cur-
tail or eliminate service out of this
port.

The board, the commission stated,
proposes to put into effect in the
near future, a scheme of opera-
tion of government-owned vessels on
a bare boat charter basis at such a
rate per ton as will result in the
elimination of practically all service
now furnished between Los Angeles
and foreign ports. Another propo-
sition understood to be under consid-
eration by the Shipping Board is for
the furnishing of passenger service
to government-owned vessels to the
Orient through the ports of San
Francisco and Seattle only, which
would prevent the continuation of
plans now being made for such pas-
senger service out of Los Angeles
and would work "unwarranted dis-
crimination against the largest city
on the Pacific Coast in both Ameri-
cas."

"In the opinion of this board,"
the resolution says in part, "the op-
eration of Shipping Board vessels
on the bare boat charter basis is
proper and businesslike, provided
the rate per ton is low enough to
foster and develop the American
merchant marine and encourage the
further continuance of steamship
lines now furnishing a service to
the public."

"Now, therefore, be it resolved
by the Board of Harbor Commis-
sioners of the city of Los Angeles,
that this board respectfully pro-
tests against the inauguration of
any changes in the present plans of
operation of Shipping Board vessels
which will serve to curtail or elimi-
nate any service now furnished by
such vessels or will prevent the op-
eration of such vessels in passenger
service between Los Angeles and
the Orient; and

"Be it further resolved that a cer-
tified copy of this resolution be
presented to the honorable Shipping
Board with the confidence of this
board that the sentiments herein
expressed will receive the earnest
consideration that the best interests
of a large body of the American
public demands."

MAYOR ALL-YEAR BOOSTER.

That the Los Angeles city govern-
ment is greatly interested in the ef-
forts of the All-Year Club, is in-
dicated by the endorsement given to
the All-Year Club and its work by
Mayor Cryer at the City Hall yester-
day.

"There is no doubt that the All-
Year Club advertising campaign will
produce big results," said Mayor
Cryer, "and inasmuch as the adver-
tising is intended to show that South-
ern California is an ideal place, both
in summer and winter, it is certain
to make for the material develop-
ment of this community. I heartily
endorse the All-Year Club in its work
of advertising Southern California."

Mayor Cryer was one of three
who helped to launch the All-Year
Club campaign. Hundreds of in-
quiries have been received from
those who have read the Southern
California advertising in eastern
cities, and many of these persons
have already come to Southern Cal-
ifornia to live.

The intangible results of building
good will for Southern California
are undoubtedly of incalculable value
and it is believed that the All-Year
Club's advertising will continue to
show results for a great length of
time.

In addition to the Southern Cal-
ifornia All-Year Club newspaper ad-
vertising, which has been placed in
eastern cities, the executive office
of the All-Year Club has developed
an effective system of following up
the many inquiries and giving re-
quested information to easterners
have, through the advertising, be-
come interested in Southern Cal-
ifornia.

Co-operation has been given by
the real estate dealers and railroad
officials in following up the All-
Year Club inquiries.

to qualify in the Hundred Plus Club,
comprising lodges at Long Beach,
Brea, Fullerton, Foothill and
Burbank, which have recently doubled
their membership.

President Harding is an enthusi-
astic Pythian. When Mayor Cryer
launched this drive the evening of
his inaugural as a member of the
thirteen city lodges, the President
sent him a congratulatory telegram.
Hence the Harding Class.

The twenty-nine lodges in Los
Angeles county have given the in-
itiation impetus. One city lodge has
secured more than 100 petitions. It
will be the largest class ever initi-
ated in this section.

All lodges and Pythians within
100 miles have been invited to bring
candidates. Tournament Park is
presently the Pythian Headquarters
on the Oak Knoll route. Motorists
from the southwest, west and north-
west can reach the park via Fair
Oaks avenue and California. From
the northwest, east or southeast,
they should motor south on Wilson
to California.

Jack Linney will be master of
ceremonies. The work team of
eighty-six Pythians will be drawn
from all lodges in the district.
Grand Chancellor J. Stanley Brown
will speak.

Death of Girl
Saves Man from
Grave Charges.

Death stepped in and saved Ar-
thur Louis St. George further pro-
secution on charges of having forged
a marriage certificate and of a sta-
utory offense against Erolinda Ortiz,
his supposed wife. Yesterday the
case was dropped when the court
learned that the young woman, who
was the complaining witness, had
died the day before.

The prosecution, represented by
Ded. Dist. Atty. Fitts, asserted that
St. George married the girl on
June 28, 1920, using a marriage cer-
tificate which he had forged.

FOR HARDING CLASS.
Pythians Will Initiate Five Hundred
at Pasadena Tomorrow Night.

Pasadena Pythians expect to en-
tertain 5000 knights at Tournament
Park tomorrow night by an exemp-
tification of the Page Rank on 500
candidates known as the Warren O.
Harding Class. They are working

Featured Today

—some are small things—but all Fashion's own, most important in the fashionable woman's tout ensemble.

Announcing "Vanity Fair" Pearls

Exclusively at Hamburger's in Los Angeles.

Synthetic Pearls of such perfection that one almost feels a new era in pearl construction has come. Of life-time durability, with beauty enhancing as they wear. Vanity Fair Pearls offer the charm of the Oriental at price moderation of strong moment.

In four qualities—they are priced from 4.50 to 50.00 the strand according to length and quality. Every bead is fully guaranteed. (Main Floor.)

Hudson Seal Coats at 325.00

An unusually fine coat at its regular price, 395.00—offered in honor of Fashion Exposition at this reduced price for today only. With natural skunk collar and cuffs, it is 80 inches long. (Second Floor.)

Blouses, 12.95

Seventy-five very handsome blouses are certain of being one much-complimented center of attraction today, for the woman conversant with values can not fail to appreciate their positive worth at this special pricing. The NEW values, the NEW colors, the NEW styles in tuck-in and overblouse. (Second Floor.)

Lingerie, 6.95

And but for Special Selling, the price would be 10.00. Gowns of exquisite radium silk and chemise of fine crepe de Chine and georgette satin—lingerie luxury at the price of the commonplace—Today only! (Second Floor.)

Silk Underwear, 3.95

Glove Silk Underwear of counsel. Envelope chemise and step-in drawers, plain or trimmed. Selling usually at 4.85, they must prove a very welcome Fashion Special at 3.95 Today. (Second Floor.)

Kid Gloves, 3.95

Long kid gloves—16-button length—and white! A most extraordinary offering at the brink of a new season—a season to be given over very largely to LONG white kid gloves. A limited quantity arrives early selection this morning. (Main Floor.)

Butterfly Bags, 3.50

Miniatures that have stolen their fashion from the butterfly as well as their name. Where is the woman that can resist them when the price is so very low? Most effective little dance bags as well as general utility bags—and best of all new in shape and fastening. (Main Floor.)

Veils, 2.95

Veils that fairly flirt with their flattery! In fleet and heaving meshes, dotted with chiffon, they offer the new shades and the new mode at a portion of their regular price of 3.75. (Main Floor.)

Silk Hose, 1.45

Not MERE silk hose—but silk hose with satin—fine thread silk, semi-finished, reinforced with lisle. As smart as hosiery can possibly be and a remarkable offering at this special one-day price. (Main Floor.)

Knit Dresses, 45.00

Very new styles and color combinations distinguish them from earlier models for women. Fancy weaves in fine wool show silk threads interwoven—others in pure wool show striking stripe effects. Many new colors. (Second Floor.)

Canton Crepes, 2.75

For the woman who takes inspiration from the gowns and then in turn devotes them herself or with her modiste, there could be nothing more appealing than this special pricing of heavy silk Canton crepe in the newest and best colors. (Main Floor.)

Ribbons, 1.00

New patterns suitable for men's ties—just so mere man may become less mere and have a place in the Fashion Event. But then, of course, women will buy ribbons to make the ties. And we must add they are quite as acceptable for neckties and girdles as for ties. Very specially priced 1.00 yard (regularly 1.75)—and 7 inches wide. (Main Floor.)

Hamburgers

ESTABLISHED 1881.

Exposition d'Automne

Beginning Today, September Eighth

Fashion—what a temptress, what an enchantress you are. Taking unto your service the grace of the swallow's wing, the merry lilt of a bird in song, the myriad shafts of color from the dawn, the mystery of night, the naivete of the fuchsia!

Woman, what a favored creature you are, that so gladly do all these charms and diversifications come to you in the name of Fashion—more ravishing, more versatile this Autumn-time than has been seen for many seasons.

Would you know the accepted silhouettes—the approved fabrics—the colors that pronounce their wearers au courant with the best the world offers, you will make every effort to attend these Fashion Displays.

"Service in the Art of Dress" Has Led Hamburger's to Inaugurate a Feature Selling of New Season Apparel, Offering Immediate Selection in Authentic Garments and Accessories at Genuine and Notable Economies

The apparel and small things thus featured have been purchased with the utmost care, priced with a firm belief in the volume of business they will create, thus making the abandoning of legitimate profit a matter of smaller concern.

Coats, Suits, Dresses---Featured Below Obviously Higher Worth at 55.00

Just a hint of the new materials—Ramona, Orlanda and moussyne—and the colors, marocain, marmot, tortoise shell, Sorrento! Surely tempting fashion surprises for those who attend the first day of the Exposition d'Automne.

Coats and suits luxuriously fur trimmed, dresses for the informal afternoon and formal evening wear—a cycle of fall fashions complete—and at this modest pricing. Modes and sizes for both women and misses.

OSTRICH TRIMMED HATS OF VELVET 15.00

Quite the most popular of Autumn styles, it is both fitting and opportune that Hamburger's Special Selling of hats should find "hats of many feathers" flocking together in a value presentation of great import. Variety in shapes and colors combines with excellent quality to make this an event of keen and unusual interest. (Second Floor.)

SILK SWEATERS ARE FEATURED AT 24.50

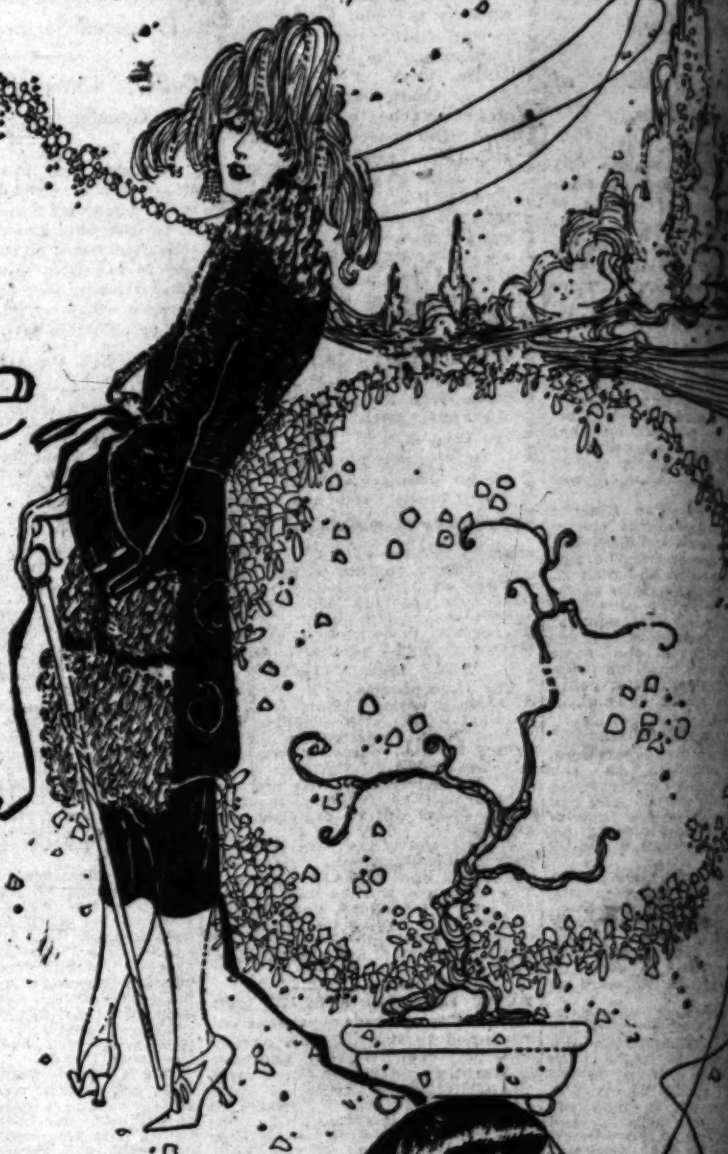

For town or country there is "nary" a wardrobe may boast completion without its silk sweater. At this feature price, the possession of a sweater of excellence in both quality and styling is but the matter of choosing. Tuxedo models in the approved shades of the new season. Also blue and black. All sizes. (Second Floor.)

12.00 EVENING PUMPS PRESENTED AT 8.35

Pumps beaded with small jet beads across a very effective slotted tongue that proclaims the newest mode.

In black satin, white satin or pearl gray suede, they offer distinction at fractional cost.

Taken right from regular stock, they are reduced only for Today's selling in the Fashion Exposition. (Second Floor.)

FRIDAY MORNING

SHIN

REVAMPS TAX BILL

Senate Receives Mellon's Plan

Would Repeal Excess Profits Tax Retroactive from Last January.

Secretary Puts Probable Revenue Needs for Year at \$4,034,000,000.

(BY A. P. MOTT WIRE.)
WASHINGTON, Sept. 8.—The House tax bill recommended by the Senate Finance Committee today by Secretary Mellon includes repeal of the excess profits tax as of last January 1, and a reduction of all transportation taxes for 1922, but at half the rate instead of complete repeal as of next January 1. Repeal of the capital stock tax next year, a new proposed reduction of the maximum income tax rate from 45 per cent to 35 per cent, effective next January, and of 15 per cent as provided in the House bill.

An increase of 5 per cent from 25 per cent in the normal income tax, making the total 30 per cent, retroactive to January 1, 1922.

TAX COSMETIC.
A manufacturers' tax on certain and proprietary medicines, which would eliminate the House measure, is also included in the bill. Repeal next year of the income tax on the profits of corporations, but at a 50 per cent rate.

With these exceptions the bill is understood to have been passed by the House. The bill is expected to be passed by the House as early as next week.

The bill is expected to be passed by the House as early as next week.

REPEALS PROPOSAL.
Explaining his proposal for a further reduction of per cent in the income tax, Secretary Mellon said today that the lower rate would eventually result in a greater yield to the government than the 25 per cent rate, because additional income would be devoted to active business instead of being hoarded in tax-exempt securities.

It was stated that there was no intention of new sources of tax revenue, and that the bill was recommended by Mr. Mellon, who estimated that the House bill, as amended in accordance with his recommendations, would meet the needs of the government and provide the economic stimulus.

(Continued on Second Page.)

GERMAN IS

Director of Berlin Bourse Nation's Future

BERLIN, Sept. 8.—The Berlin Bourse and other measures for the recovery of the German economy are being considered, yet they will not be adopted today. "This conveys a message to the market," it was stated.

The billion gold marks was paid to the Allies, but it was purchased with paper marks, thus lowering the value of the latter and increasing the financial difficulties. On June 1, the gold mark was worth about 100 Reichsmarks, when compared with the dollar, which is today worth about 18 Reichsmarks. The gold mark is worth about twenty Reichsmarks when compared with the dollar.

The Westphalen agreement for Germany's gold marks was provided for Germany's gold marks from 1922 to 1923. Germany must provide 1,000,000,000 gold marks according to the London agreement.
